Approximately 5- 6 miles east is the Red Deer River, presenting excellent opportunities for fishing, hiking, and recreational activities. The custom-designed home is stunning! Built by Brian Evans and LUXURIOUSLY crafted. Huge windows and vaulted solid fir-beamed ceilings add a dramatic touch, beautifully showcasing the remarkable River Stone Napoleon Fireplace and unique Burl mantle. The natural River Stone is echoed in the expansive kitchen island. Made-to-order from Legacy Kitchens, all cabinetry matches and complements the soft-toned wall colour and contrasting vinyl plank flooring. The granite countertops have a unique "leather" textured finish. Open and spacious, the kitchen features high-end appliances, including a dual-fuel gas stove, complete with a walk-in pantry, shelving finished to match the cabinets. A large "farmhouse style" kitchen sink is built into the island for convenience, and a prep sink is positioned in the long counter for effortless cleanups. The sunny main floor laundry has a built-in desk/countertop /storage cabinet, which is opposite the hard-working LG machines. Tucked away from the busier living areas is the primary bedroom and attached 4-piece ensuite. It is a very private, comfortable sanctuary. The downstairs opens into a spacious L-shaped family room, an inviting space, perfect for creating a cozy movie area or for accommodating a pool table. The abundant light

streaming through large windows fosters a warm and welcoming atmosphere, making it an ideal spot for relaxation and entertainment. In keeping with the burl accents found upstairs, there is a one-of-a-kind burl-framed banker's safe. A full bath is situated between two generously sized bedrooms, each featuring oversized closets/storage. The property includes two wells: one providing soft water for the home and another supplying hard water for watering. The fenced garden features raised beds, ground beds, and a greenhouse, all kept meticulously! The small orchard grows Haskaps, Apples, and Cherries. Matching the exterior of the house is a River Stone built-in "pig rotisserie" at the fire pit. The home has a magnificent River stone and stucco exterior with a concrete tile roof. The custom shop measures 30x40 is metal-clad inside and outside, with an added 16x40 attached garage/storage. The main shop includes overhead radiant heat, hot/cold running water, a 15x11 butcher shop, and a 7x9 walk-in cooler. Moose, deer and elk are plentiful!
