On the second level there are two bedrooms, each with walk-in closets and full ensuites, along with a large built-in laundry area with sink and shelving, and a versatile den. The third floor is occupied almost entirely by a spacious primary retreat with another gas fireplace, walk-in-closet, an attached 6 piece ensuite including a steam shower, air jetted tub, bidet, make-up vanity and in-floor heating, along with an additional wet bar, and a third level balcony (designed and loaded for a hot-tub) overlooking the city and nearby Elbow River. This intentional floorplan prioritizes comfort and convenience while maximizing utilization of space. Intricate millwork, ornate wall and ceiling mouldings, a curved, ribbed kitchen island, brush gold accents, 9 foot ceilings, and herringbone hardwood all work together seamlessly to emulate carefully curated beauty. With unrivalled cityscape views, this home is a testament to deluxe inner city living. Notable specifications include: quartz countertops, Spanish porcelain tile, engineered European Oak hardwood, custom designed casing/mouldings, designer light fixtures, LED backlit built-in bookcase, millwork

built-ins, satin brass and matte black hardware, European style tilt and turn windows with thicker individual panes of glass, along with rough-in for a security system. The expansive epoxy finished garage also includes EV rough-in, a built-in closet space to be used as a mudroom, and the flexibility to convert a large portion at the rear into a home gym or workshop area in lieu of a third vehicle. This home is situated amongst the natural landscape of the river pathways and surrounded by some of the city's most notable landmarks in the peaceful community of Erlton.
