The 1,268 sq. ft. home features 6 bedrooms and 2 bathrooms, with the added potential for a 7th bedroom in the basement, currently being used as a storage room. Several important upgrades have been completed over the years, including shingles, updated windows and doors approximately 8 years ago, a newer furnace and hot water tank, and upgraded flooring in the kitchen and laundry area. One of the bathrooms is conveniently located off the kitchen and features a window for natural light. Outdoor living is enhanced by a large newer south facing deck ideal for enjoying the peaceful surroundings. The yard site features a detached single garage and a dugout, with services including a pump-out septic system and natural gas. The property is well equipped with multiple outbuildings, including a 30' x 40' barn with a loft, new tin roof and power, a 30' x 50' powered pole shed perfect for cold storage, a 12' x 25' enclosed lean-to shop, plus additional storage sheds and former grain buildings. Fenced areas, a chicken coop, and a dugout provide excellent functionality for livestock, gardening, and outdoor use. Garden enthusiasts will appreciate the established growing spaces, along with a

variety of fruit and berry plants including crab apple, raspberry, strawberry, rhubarb, honeyberry, elderberry, and red currants. Mature trees surround the yard site, offering privacy, wind protection, and a peaceful setting.
