The upper level also features a nice-sized eating area with direct access to a large, solid deck with durable composite flooring—perfect for BBQs and entertaining—overlooking the extra-large, fully fenced backyard and shed. RV parking could be an option here! Freshly painted walls and ceilings, along with updated flooring throughout, complement the natural light that fills the home upstairs and down. Among the renovations - the kitchen has been completely redone, and the main bathroom updated with a new tub, tub surround, and toilet.
