Introducing The Altadore Crest, a custom inner-city residence where timeless architecture meets thoughtful, design-driven refinement. This is not your average infill. At first glance, it's beautiful. But it's how this home lives that truly sets it apart. Situated on an oversized 57' x 124' lot with a west-facing backyard, this Altadore luxury home offers nearly 6,000 sq ft of developed living space, including 4,069 sq ft above grade. Built in 2017, by the builder and FOR the builer. It has exceptional craftsmanship such as, full-bed reclaimed antique brick, stone, cedar shakes, copper detailing, & 50-year architectural shingles. The home has since been thoughtfully elevated with extensive smart home integration & mechanical upgrades. The main level features 10-foot ceilings, site-finished white oak hardwood, & a chef's kitchen with Miele appliances, solid wood cabinetry, quartzite counters, and an oversized island. A Lux Tesoro folding wall connects the kitchen to a covered outdoor lounge with gas heaters, typhoon-proof retractable screens & an outdoor TV, a true extension of the home for year-round entertaining. Unlike most Altadore infills, the backyard offers three different zones for entertaining, relaxing, and play, with room for kids & pets to enjoy real green space. Upstairs, the almost 800 sq ft primary retreat offers spa-inspired luxury: a marble steam shower, freestanding soaker tub, double vanities with makeup station, & a fully customized dressing room with Hacker Kitchens cabinetry. Two additional bedrooms each feature ensuites & walk-in closets, perfect for kids to grow into or teenagers. Heated floors throughout all bathrooms + all blinds (Hunter Douglas) are fully automated. A versatile bonus room with built-in storage and illuminated shelving completes the level. The fully developed lower level includes a temperature-controlled wine cellar, wet

bar with custom cabinetry, premium audio throughout, a flexible room currently used as a music studio (also ideal as a gym or office), games area with added millwork, Nordic sauna, media and recreation space, plus a fourth bedroom and bath. Behind the walls, the home has been extensively upgraded: fully integrated Control4 automation with hardwired lighting, blinds, audio, and security; Araknis network infrastructure; comprehensive camera and alarm system; upgraded HVAC and A/C units; on-demand hot water; water softener; and leak detection with auto shutoff. Additional features include in-floor slab heat, central A/C, central vacuum, and a triple heated garage with epoxy floors, metal cabinetry, and gas heater, plus professional landscaping with irrigation. Altadore continues to define inner-city family living, steps to top-rated schools, parks, river pathways, and Marda Loop's shops, restaurants and coffee shops. Now offered at \$3,850,000, The Altadore Crest represents a rare opportunity to own a home of this scale, quality, and refinement in one of Calgary's most sought-after communities. Watch the VIDEO!
