Parkland is known for its access to nature, community feel, low-density development with wide lots, amenities like Park96 Community Centre Park and a K-6 Public School & Catholic School both in walking distance! This bungalow was lovingly renovated over the past five years by owners with impeccable taste! Opening up the great room to allow for modern-day living has created an inviting and functional space. The living room can fit the most oversized, comfy couch and features a wood-burning fireplace. The dining room has a thoughtful built-in with quartz counters and a stylish light fixture. The wood-and-white kitchen is a showstopper with central island, designer tile work, quartz counters, sink overlooking the backyard, soft-close cabinetry, induction range, fridge w/ ice & water. This is the heart of the home where memories with friends and family are made! With three bedrooms up, this home can easily accommodate a family or a work-from-home setup. The main bathroom includes shower niche, arched mirror, linen closet and earthy colour tones. The primary suite has great closet built-ins, new ceiling fan and 3-piece ensuite with bidet! The lower level has multiple areas to make your own - media area, rec area with fireplace, enclosed den/gym, 4th bedroom (window not to current egress code) and full bath. And now, let's get to the yard! With SW exposure, this yard basks in sun all day - amazing for our long summer nights in Calgary! Fully fenced so it's ready for your kids & pets, newer ground-level patio, oversized rear gate to allow for RV parking and a huge 23'x24' garage that fits a full-sized truck!
