year-round, while direct access to the lower patio creates a seamless indoor-outdoor connection. Outdoor living is just as compelling, with an expansive upper deck perfectly positioned to take in the panoramic views, along with a covered lower patio for more private gatherings. Exposed aggregate finishes on the patio and walkways enhance both durability and curb appeal. The fully finished triple attached garage is designed with both function and presentation in mind, featuring epoxy floors, built-in drainage, and in-floor heat, while an additional bay expands capacity to a total of four vehicles.
