If quality finishes and tasteful upgrades are what you've been searching for, this beautiful two-storey home won't disappoint! Rich oak hardwood flooring welcomes you at the front entrance and extends throughout the main and upper levels, complemented by striking granite tile in the bathrooms. Just off the entry is a versatile flex room perfect for a home office, gym or playroom, while the heart of the home opens into a bright, open-concept kitchen, dining, and living area filled with natural light from the large backyard windows. The inviting living room features a cozy gas fireplace with tile surround, creating the perfect gathering space. The kitchen is truly the showpiece, offering warm ivory cabinetry, gorgeous granite countertops, a stylish tile backsplash, a convenient eating bar with seating for four, a walk-through pantry, and a movable island that provides additional prep space and flexibility. Upstairs, the spacious primary suite offers a walk-in closet and a luxurious five-piece ensuite complete with a supersized shower, separate soaker tub, and private water closet. Two additional bedrooms are connected by a well-designed four-piece bathroom, and the conveniently located upper-floor laundry adds everyday practicality. The fully finished basement provides two more bedrooms (one with a walk-in closet and dressing area), a large family and games room, and another full bathroom, making it ideal for a growing family or guests. Outside, you'll appreciate the double attached garage, wide front driveway, fully fenced yard with maintenance-free vinyl fencing, and a large storage shed that could even serve as a clubhouse. This is far from your typical cookie-cutter home—it's a thoughtfully designed property with quality finishes, functional space, and exceptional value.
