With 7,425 sq ft of total living space, 6 bedrooms, and 4+1 bathrooms, it's been thoughtfully designed for how a family actually lives, entertains, and unwinds. From the moment you step inside, the home makes an impression. Soaring ceilings, expansive windows, and a dramatic floor-to-ceiling feature fireplace anchor the main living space, while natural light pours in from every angle. The layout balances open-concept living with defined, functional spaces, including a main floor office and private primary retreat. The kitchen is a true centrepiece. Fully custom and built to perform, it features dual Sub-Zero fridge/freezer combinations, a Wolf range, steam oven, bar fridge, and a statement Hammersmith hood fan. A massive island invites gathering, while a walk-through pantry and exceptional mudroom with built-in dog wash and laundry keep everyday life organized behind the scenes. The primary suite offers unobstructed views, a fully customized walk-in closet, and a spa-inspired ensuite. A BainUltra hydrotherapy tub with chromotherapy, remote control, and headrest anchors the space, complemented by a walk-in shower and refined finishes. Upstairs includes generous bedrooms, a central lounge, and a second full laundry room, offering flexibility for family or guests. The walkout lower level is built for lifestyle, with a large recreation space, games area with pool table, temperature-controlled wine room, bar with fridge and dishwasher, and a dedicated gym. Surround sound and whole-home Control4 automation extend throughout, including outdoor areas. Additional features include air conditioning, water softener, reverse osmosis system, in-floor heating in select areas, central vacuum, and

integrated audio throughout the home and garage. Extensive built-ins and well-planned storage maintain a clean, refined aesthetic. Outside, mature trees and ravine views create a private setting. Enjoy a fully equipped outdoor BBQ kitchen, expansive deck space, swim spa, irrigation systems, and a fully enclosed dog run. An oversized quad garage with heated slab, natural light, and commercial side-mount openers completes the home. A rare offering where craftsmanship, setting, and functionality come together in a truly meaningful way.
