Open House Saturday, May 2, 2-4pm. Tucked into a quiet cul-de-sac on a beautifully mature and private lot, this fully developed bungalow offers the perfect blend of thoughtful upgrades, functional space, and timeless comfort. Extensively renovated in 2025, the main floor has been completely refreshed with new flooring, baseboards, casings, doors, modern lighting, and sleek knockdown ceilings. The reimagined layout enhances flow throughout, including the removal of the sunken living room for a clean, seamless feel. The heart of the home is a bright and welcoming kitchen, now complemented by refinished cabinetry, updated countertops, and a standout feature—a deluxe walk-through pantry complete with sink, bar fridge, washer, dryer, and coffee station. Originally designed as a third bedroom, this flexible space adds a level of everyday convenience that’s hard to find. The main floor also offers two beautifully renovated bathrooms, while the fully developed basement expands your living space with two additional bedrooms, games area, and family room, as well as a separate room dedicated to storage. Behind the walls, the upgrades continue with all Poly-B plumbing replaced, R50 upgraded insulation, and major mechanical improvements including a new furnace and central A/C (2024). For those who value workspace, the double attached garage is fully equipped with a new furnace (2024), subpanel, and 220V wiring, making it ideal for projects, hobbies, or extra functionality. Step outside and enjoy the peace and privacy of the mature, landscaped yard—an ideal setting for relaxing or entertaining. Located in a well-established neighbourhood close to schools, amenities, and everyday conveniences, this is a rare opportunity to own a move-in ready bungalow where the big-ticket items—and the

details—have already been taken care of.
