Some homes are built. This one was composed — every joint, curve, and surface was a deliberate work of a European master craftsmen who treated construction as an art form. From the custom-carved solid maple front door to the sinuous open staircase hewn from Douglas fir with hand-laid walnut inlays, this custom 4-bedroom home is defined by its extraordinary material quality. Contemporary style with a 22-foot cathedral great room flooded with southern light; every trim, door, and surface reflects the same uncompromising intention. Unique features such as a two-storey sunroom, dual south-facing balconies, mountain and ravine views, and a full landscaped yard with mature trees and solid custom maple cabinetry. Minutes from Market Mall, the University of Calgary, and Bowmont Park — with Kananaskis 45 minutes away. A home for those who notice the details, because someone cared deeply about every one of them.
