This well-maintained 1,092 sq ft home offers 3 bedrooms and 2 bathrooms, featuring a main-floor primary bedroom, convenient main-floor laundry, and a bright living room with stunning views of the surrounding land. Recent updates in the past year include a fully renovated main bathroom, new vinyl plank flooring upstairs, fresh basement carpet, and a Culligan water filtration system, along with prior improvements such as shingles (approx. 10 years), hot water tank (2019), and exterior paint (5 years ago). The versatile 56' x 32' heated shop/barn is fully insulated with forced air heat, wood stalls, tack room, overhead door, and recent roof, soffit, and eaves (3 years ago), offering excellent potential for shop conversion with a concrete floor. The land is thoughtfully set up for livestock with four fenced pastures, three heated cattle waterers, and a natural spring in the southwest corner.
