Perched on a spectacular 41 FT ridge lot in one of Calgary’s most coveted inner-city enclaves (St. George’s Heights), this exceptional residence captures truly unobstructed city skyline and Rocky Mountain views from every level. A masterful collaboration between Paul Lavoie Interior Design and Panache Homes, this architectural showpiece offers over 4,400 square feet of refined living, where scale, light, and craftsmanship converge. Defined by dramatic two-storey floor-to-ceiling windows, the home is flooded with natural light, creating a seamless connection between interior living and the ever-changing cityscape beyond. Expansive principal rooms set the stage for both grand entertaining and intimate everyday living, including a stunning formal living room with soaring ceilings and a sophisticated dining space overlooking the landscaped grounds. At the heart of the home, a bespoke European-inspired kitchen is appointed with only the finest appliances, including Sub-Zero and DCS, and is complemented by a fully equipped spice kitchen, designed to elevate culinary experiences for the most discerning chef. A striking glass-ceiling wine cellar below serves as both a functional feature and a true design focal point. The second level offers a private retreat, highlighted by a luxurious primary suite and an additional lounge and bonus room framed by breathtaking two-storey windows and panoramic city views. Occupying the third floor are two generously sized bedrooms, each with its own ensuite and private patio, offering flexibility for a variety of configurations and living arrangements. Designed for both relaxation and recreation, the lower level features a media and games room, an elegant wet bar with a large island, a dedicated fitness studio, and a guest bedroom with a full bath and steam shower, creating the ultimate in-home retreat. The wine room is

thoughtfully positioned below with a glass ceiling, visually connecting the space to the main level above. Outdoors, the expansive lot (41x110ft lot) offers endless possibilities, from a custom BBQ patio to a private hot tub oasis, all set against a stunning natural backdrop. Completing the property is a triple garage with a fully legal two-bedroom suite above, ideal for guests, an office, extended family, or additional income. A rare offering defined by its irreplaceable views, architectural presence, and uncompromising design—this is a one-of-a-kind opportunity in a truly premier location.
