A warm and functional layout with a large yard and a "x" detached garage. The main floor features a welcoming living space, a huge kitchen, plenty of cabinet and counter space, and a layout that works perfectly for everyday living. The basement adds additional living room, storage, laundry room, 2 bedrooms (1 without a closet). This home has seen a long list of thoughtful updates and maintenance over the years, including some: POLY-B REMOVAL (2020), Armstrong premium carpet installed (2020), Basement window (2021), Washer and Dryer (2021), Dishwasher (2026), Microwave (2019), Furnace cleaning (2022), Mannington laminate flooring (2014), ROOF SHINGLES REPLACED in (2011). They have been well cared for, stained and varathaned on a regular basis. Outside the property continues to impress with a beautiful cedar and PREFINISHED WOOD DECK completed in (2020) fully stained last year. The yard has been carefully enjoyed and maintained featuring 2 cherry bushes, established flower beds, perennials, shrubs, and flowers that bloom from spring through fall, all designed to offer great curb appeal with limited ongoing work. LAWN EDGING was also completed in (2017). The carpets were cleaned last year and have been professionally cleaned annually, showing the level of

pride and care that has gone into this property.
