The welcoming front entry, double attached garage with 2 overhead doors (replaced in 2020), and double driveway create a grand first impression. Inside, vaulted ceilings and hardwood floors highlight the main level, with a gas fireplace in the living room, tiled dining area and kitchen with wood cabinetry, tile flooring, stainless steel appliances (all 5 years old or newer), and a faucet updated approximately 4 years ago. The main-floor half bathroom also serves as the laundry room; the washer is approximately 5 years old. Upstairs, brand-new carpet leads to 3 bedrooms, including a primary suite with an ensuite featuring a jetted tub, tiled shower, and tile flooring. The 2 additional bedrooms each have ceiling fans, and the secondary full bathroom upstairs offers a tub/shower combination and tile flooring. The home offers 2 and a half bathrooms in total. The fully developed basement adds a second gas fireplace, built-in desk and cabinetry, shelving, in-ceiling speakers, a large furnace room, a deep freeze that stays, and a rough-in for a future bathroom. Updates include the front door (2022), furnace and on-demand hot water system (both approximately 5 years old), triple-pane vinyl windows on the main and upper floors, eaves and gutters (approximately 7 years old), and a white vinyl fence installed in 2025. The stucco exterior was painted approximately 6 years ago, and the shingles were replaced in 2010. Raspberries, mint, and stone patio add garden charm in the spacious, fully fenced backyard.
